Time to Get Ready for the Spring Real Estate Market

McLEAN
MORTGAGE CORPORATION℠

This year we have a very competitive market with a shortage of listings in certain areas. If you are thinking about purchasing, your first step should be a LoanFirst™ Pre-approval to set yourself apart from the competition. A LoanFirst™ Pre-approval gets you as close as possible to appearing as a cash buyer in the viewpoint of potential sellers. When the seller gets multiple offers, your bid will stand out from the others.

A LoanFirst™ Pre-approval also gives you confidence because an underwriter has reviewed your documentation and you will not be worried about whether you can qualify or any other last minute issues.

The LoanFirst™ Program makes the entire process smoother and stress-free, which is our specialty at McLean Mortgage Corporation.

Contact me to get started with your LoanFirst™ today!
