-Yasmin Tong, Principal Financial Advisory Services For Real Estate

"I first used Brigitte Archer's services when I was buying my house. I was so impressed by her knowledge and efficiency that a few years later I used her services again when I wanted to take out a second mortgage on my home and yet again, when I refinanced my mortgage and also recommended her to my mother. Again, Brigitte showed us that she was the ultimate professional, making sure that all the documentation that was required was received so both my mother and I could close on time without any problems.

Unfortunately, LinkedIn only allows me to select three attributes. In addition to those chosen, I would add that Brigitte has given me GREAT RESULTS and she is very PERSONABLE and a pleasure to work with.

I full heartedly, without any reservations, recommend Brigitte Archer and Oxford Capital's services".

-Robert Adler, Voice Over Talent, Author

"I am fortunate to know that I can refer my clients, friends and family to you for all their mortgage needs whether they are in the process of buying their first property or they are considering refinancing. Your integrity is second to none."

-Jaimee Dawly, Jaimee Dawly Insurance Agency

"Her open honesty as well as her staunch regard for integrity in an industry which is not often thought of in such manner, is why she is so highly regarded by peers in the lending industry. Brigitte has assisted clients of mine on multiple occasions, and I would not hesitate to refer to her in the future. "
