

Clean, well maintained three bedroom, two bathroom home — great cul-de-sac location. Large lot with mature trees. New roof & windows. Remodeled family room. Office in lower level can easily be 4th bedroom with installation of egress window.

The market has turned in favor of sellers with good property to sell. If you've been on the fence for a while, now might be the time to set up a meeting to discuss selling!

Completely updated BIG 5 bedroom, 3 bathroom Rambler with walk-out lower level. Really open floor plan. New bathrooms, kitchen, windows, wood floors, carpet, and more! One acre lot on a quiet dead end street. Quick close possible. Great opportunity!
