

How Much Money Are You Sitting On?

It's tax time!

With tax season coming up, we know most of our clients are reviewing their finances. But what about your home value? Curious about what it's worth?

We have developed a free, no hassle way to get an **INSTANT** estimated value on your home. Just visit www.valueofmyhomeinflorida.com and enter your property address. That's it!

Since this instant valuation tool cannot account for the custom features of your home, we also offer a **FREE** custom market analysis where we account for the particular details of your home and provide a more accurate estimate.

To receive a custom market analysis, just contact us at 352-973-2366 or email us at info@orgegroup.com. We would love to help!
