

Choose me as your Realtor!

Kristin Spohrer

I have been selling real estate with Coldwell Banker Select realty group for the last 5 years. For the last 3 years, I have been on the Tiffany Martin Team. Our team consistently sells over 12 million in Real Estate every year! Coldwell Banker is a prestigious company with a worldwide reputation for excellence. We are the #1 real estate company in Oklahoma and one of the top Coldwell Banker offices nationally! The Tiffany Martin Team is one of the top producers in Coldwell Banker. No other company provides the benefits and services to buyers and sellers that we offer! One of the outstanding benefits in working at

Coldwell Banker is the in-depth training that all of their agents receive. I am a full-time Realtor and am available to my clients 24/7. Prior to embarking in real estate, I graduated from the University of Tulsa in the paralegal program, with honors, and was ranked first in my class. As a former NALA Certified Legal Assistant, I take education and professionalism very seriously. I earned my real estate license in the Fall of 2011 and have had amazing production since that time. With this unique combination of training behind me, I feel confident that I can provide the professional advice and service that my friends and colleagues in Tulsa deserve. I am backed by some of the top people in the Real Estate industry! As a member of The Tiffany Martin Team we have a

cumulative total of over 35 years of experience in the local real estate industry. We work as a team of full-time, professional Realtors! When you hire me as your Realtor, you get the advantage of the efforts of our entire team! If you have real estate needs outside of the Tulsa area, I can still help. As a member of the largest relocation network in the United States, I can literally connect you anywhere in the world. My resources are extensive and I will put them to work for you! My work philosophy is to take the confusion out of the home buying/selling/financing process by educating my clients. I am here to help you feel confident in all of your real estate endeavors and guide you through the transaction every step of the way. *I specialize in turning houses into homes!*
