

What would a Buyer pay for a Home like yours?

If you are thinking of selling your Home and would like to know what your Home will sell for in today's market, call me and I will prepare a ***Comparative Market Analysis*** that will consider recently sold Homes as well as Homes with which your Home will be competing. It will point to a marketing price that will allow you the opportunity to sell for top price without pricing you out of the market.

Save on selling expenses. List your Home now. Brokerage fee will be ***4½%*** of sales price. You will receive the same thorough, professional service from me that you would receive from others who charge more.

Please Call: (801) 375-4321 ask for Chuck Carlisle
