

Looking for all the latest real estate statistics, market data, news and listings?

Even as busy as we've been helping clients buy and sell houses over the past few months, my team and I still work hard to keep my website stocked with the latest news on local and national housing stats, our latest listings, general advice on home ownership and more, plus we've just completed a fantastic overhaul of our interactive map-based MLS search pages, so you can get up-the-moment information to help make finding your next house easy! When you get a chance, visit us online at www.shannonharton.com and let me know what you think!

And please don't forget ... I'm very fortunate to have built my real estate business on a steady supply of referrals to friends, colleagues and neighbors of yours who may be thinking of buying or selling a home soon. Thank you so much for continuing to keep me in mind and mentioning me when you hear of anyone in need of a great REALTOR.
