

We've made a change!

Sharing our Excitement!

Greetings! We are thrilled to announce our new affiliation with the realty firm of Samson Properties! We have had our eyes on this company for some time and, after much thought and due diligence on our part, we made the move in the past month! This is a rapidly-growing, local company with a great track record of success and proven results. We join over 1000 agents with twelve local offices. We have found that the dynamic of the company offers both an agent and client-centric environment and we are proud to be on the ground floor of this growth!

Our ability to provide you, your family and friends with a high level of service remains unchanged and we look forward to helping you with all of your real estate needs. We welcome and thank you for your continued business and referrals.
